

School of Electrical and Computer Engineering

College of Engineering

UNIVERSITY OF GEORGIA

ECE JEDI

JUST • EXPANDING & • DEVELOPING • IDEAS

ABOUT US

We are working together to build a culture that encourages collaboration, values a wide range of perspectives, and supports growth and success for all students, faculty, and staff. The committee empowers ECE faculty, staff, and students to engage in initiatives that create meaningful benefits for the local community and strengthen the School's commitment to openness and shared progress.

WHAT WE OFFER

- Connections between JEDI organizations and School of Electrical and Computer Engineering
- Demo and hand-on workshop for STEM events
- K12 and library STEM outreach
- Volunteer judges for JEDI and STEM activities
- Scholarship opportunities
- STEM educational materials for check out
- ... many more!
